out Power or Ammunition.

GENERAL MILES' ANNUAL REPORT.

Personnel of the Army is of High
Standard and Notably
Efficient in the
Field.

Washington, Nov. 6.—The annual report of Lieutenant General Miles, commanding the army, is a brief review of the reports that have been submitted to him by other officers. He endorses the recommendation of General Brooke for a readjustment of the geological limits of the different departments with a view of equalizing conditions. General Miles calls attention to the necessity of quarters for troops, saying that while hundreds of thousands of dollars is being spent for quarters for cavalry, very little is being used to afford shelter for artillery, which is exposed to severe climates along the coasts. He also calls attention to the incomplete condition of the fortifications, especially on the Pacific coast, where millions have been expended in engineering and ordnance work and yet the commands have not been properly supplied with ammunition, electrical plans and other appliances essential to the effective use of these fortifications in actual warfare.

General Miles says: "During the past year, there have been no serious engagements except that of the troops under General F. D. Baldwin, in Mindanao, P. I., with the Moros. For the number of men engaged this was a very spirited and desperate engagement. Our forces were commanded by one of the most experienced and efficient officers of the army, whose record has always been of the highest order and his achievements, together with that of the troops in this engagement, made another chapter of fortitude, tenacity and heroic sacrifice in the history of American arms. The condition of the Indians is quite satisfactory and there has been no disturbance of importance among them during the last 12 months.

"The experience during the great civil war, and years of campaigning along our western frontier, afforded the best schools of practice for our army in former years. The attention given to calisthenics and gymnastic and military exercises made our small army a corps of athletes, while the elementary schools established for enlisted men, the post libraries, the post lyceums and officers' schools, the various school of instruction and practice for officers as well as the military academy produced an army of such excellence that I was able in my annual report for 1896 to state: 'The personnel of the army was never in better condition.' This was proven to be true by the fortitude, skill and heroism displayed in every serious campaign on every field of mortal combat wherever the army has been engaged in any part of the world during the last four years."

French Miners Object.

Paris, Nov. 6.—The striking coal miners are showing great dissatisfaction at the arbitration decision against a raise in the rate of wages, for their national committee has called a meeting to take place Saturday to determine on the course to follow. At St. Etienne, the miners have adopted resolutions to appeal to the dock laborers to renew the strike against loading coal, unless the companies grant the miners' terms. The troops are kept busy busy maintaining quiet in some of the mining districts.

Senator's Son Dead.

Washington, Nov. 6.—George Vest, Jr., son and private secretary of Senator Vest of Missouri, died at the Columbia hotel in this city. He was seen last by the night clerk, whom he asked for ice water. He complained of feeling ill. When the clerk called at the room later he found Mr. Vest dead. The immediate cause of death was convulsions, due to gastritis. Mr. Vest was about 42 years old. He leaves a widow and children.

Arbiters Settle Strike.

Laredo, Tex., Nov. 6.—A special from Ciudad Porfirio Diaz, Mexico, says an increase of 17 per cent in the wages of engine, train and yard men from the International road was decided on by the arbitrators selected to adjust the differences between the employees and management over the rate of wages. The employees over the road will accept the decision and consider the question of wages settled.

Evansville, Ind., Nov. 6.—A two days' session of the Ohio Valley Medical association began here. Most of the time will be devoted to the reading of specially prepared papers.

BIG MILLING COMBINE.

Twenty Million Dollar Company to
Control Pacific Trade.

San Francisco, Nov. 6.—A deal is practically accomplished for the amalgamation of all the extensive flouring interests on the Pacific coast. It will take in the large plants of Washington, Oregon and California and will call into existence one large corporation with a capital of \$20,000,000 and facilities equal to supplying the present and prospectively greater demands of the Pacific coast and of the Orient. William Thompson of this city is now in the east in connection with the deal. The preliminary advices were made a few weeks ago by Mr. Thompson of the Continental mills of Seattle mills of Seattle and Mr. Wilcox of the Portland Flour Mills company.

May Defeat Senator Teller.

Denver, Nov. 6.—Nearly complete returns show that the Republicans have elected their entire state ticket, with the possible exception of superintendent of schools and two or three congressmen, and that the Democrats will have a majority of 16 to 18 on joint ballot in the legislature unless the Republicans obtain control of the lower house and unseat the entire Arapago county delegation. The Republican leaders frankly announce that they will carry out that program if it be in their power. In such an event, the senate, consisting of 25 Democrats and 10 Republicans, probably will refuse to organize the legislature with the house and thus will block the election of a successor of United States Senator Teller. On the face of the returns the house membership appears to be 33 Democrats and 32 Republicans, but the Republicans claim that the official count will reverse these figures. The plurality for Peabody (Rep.) for governor over Stimson (Dem.) is about 6,000. Robert W. Bonyne, (Rep.) for congress in the First district, announces that he will contest Shafroth's election on the ground of alleged registration frauds and repeating in Denver. The Republican leaders are taking means to bring to light the frauds which they allege were perpetrated by the Democrats in this city and will demand an investigation by a special grand jury.

Claim Victory a Fraud.

Williamstad, island of Curacao, Nov. 6.—The report of a great victory over the insurgents spread by the government of Venezuela was incorrect. The priests refused to ring the bells of the churches in celebration of the alleged defeat of the Matos' forces and the police were compelled to ring them. The revolutionary army simply withdrew from San Mateo and later passed through the Villa De Cura, going towards Cua, which commands the road to Los Teques, where 2,000 revolutionists are now engaging a government force force which protected the executive of Venezuela, whose whereabouts is now unknown.

At Sea in Open Boat.

New York, Nov. 6.—Captain Kaye and wife and nine seamen, the crew of the British bark Florence B. Edgett, which they abandoned in mid-ocean Oct. 15, after she had been dismantled in a hurricane and became waterlogged, arrived here on the steamer Grenda from Trinidad. When the crew left the vessel on Oct. 18 they took to the long boat and after many privations succeeded in reaching Grenda on Oct. 25, having covered a distance of 1,450 miles in an open boat. The Edgett was bound from Bear River, N. S., to Buenos Ayres with a cargo of lumber.

Plasterers' Strike Ends.

New York, Nov. 6.—By an agreement just reached between committees of the plasterers who have been on strike all over the city since Oct. 1, will return to work at the union wages of \$5 a day, pending the settlement of the points in dispute by arbitration. Both sides are pledged to abide by the decision of the arbitrators, who will be the members of the two committees. This action averts a threatened general sympathetic strike of 75,000 men in the building trades.

Ladrones in Disguise.

Washington, Nov. 6.—Advices from Manila received at the war department state that the Ladrones are making more trouble than ever before in the Philippines. They occasionally dress as constabulary officers and prey upon defenseless natives. The paper says that all bonafide insurgents have returned to ways of peace and are maintaining at least a semblance of a law-abiding citizens. To remedy the evils the constabulary is to be increased to such an extent that lawless bands may be hunted down.

Chattanooga, Tenn., Nov. 6.—Bids amounting in the aggregate to \$554,736 have been accepted by the government for the construction of regimental headquarters of the eight troops of cavalry at Chickamauga park. The equipment will be made complete for administrative purposes.

DOUBTFUL DISTRICTS.

Ten Congressional Districts Have
Not Decided the Contest.

REPUBLICAN HAVE A GOOD MAJORITY.

Contests On In Many States and
Official Vote Must De-
cide — Election Af-
termath.

New York, Nov. 6.—Congressman Overstreet, secretary of the Republican congressional committee, announces that 206 Republican members had been elected beyond all doubt; that the Democrats had elected 170 and that there were 10 districts where on account of incomplete returns the result was doubtful. These 10 districts are:

First California, Twenty-fourth Illinois, Fifth Minnesota, Fourteenth North Carolina, Seventh Alabama, Eighth Nevada, Ninth Virginia, Thirteenth and Sixteenth Missouri. The first five named are now represented in congress by Republicans and the last five by Democrats. The Republican candidates in both the doubtful North Carolina districts, Mr. Overstreet said, had wired that they were elected, also the Republican nominee in the Twenty-fourth Illinois. This left seven districts altogether in doubt. With the 206 members in congress the Republicans would have a majority of 26. The congressional committee's headquarters in this city will be closed at once.

Viewed From Capital.

Washington, Nov. 6.—According to the latest election returns received in this city the Republicans (including in this description the fusionists elected from the Pittsburgh-Allegheny districts in Pennsylvania), will control the next house by a vote of 206 Republicans and 179 Democrats, with one district, the Eighth Tennessee, and one California district remaining so much in doubt that the official returns will be needed to decide the result. The totals given are believed to be correct, although there are a few districts, such as two in Colorado and one in Minnesota, where the Republican and Democratic party managers respectively do not concede defeat, but the general result could not be affected even should their claims prove well founded. The table by states is as follows:

Contests in California.

San Francisco, Nov. 6.—The latest election returns indicate the success of Dr. Pardee, the Republican candidate for governor by a plurality of about 3,500. His opponent, T. K. Lane, has stated that he will contest the announced results. The count of vote for congressional nominees so far as complete indicates that five Republicans, two Labor Union Democrats and one straight Democrat will represent California in the lower house of congress. The successful Republicans are Gillette in the First, Metcalfe in the Third, Needham in the Sixth, McLachlin in the Seventh and Daniels in the Eighth district. Livernash and Wynn, the Labor Union nominees have won in the Fourth and Fifth, but the former's election probable will be contested by Julius Kahn the present incumbent.

Odell's Majority Larger.

New York, Nov. 6.—John A. Mason, secretary of the Democratic state

committee, said: "We neither concede nor claim anything. We are receiving the officials returns gradually. Until we know something of the official figures we cannot say a word. There are circumstances connected with the election that we are now looking into, the matter of defective ballots, and protests and some others I am not to mention." Democratic headquarters' claim of the election of Canneen (Dem.) for attorney was assured. Chairman Dunn of the Republican state committee, said that he was paying no attention to the charges of the Democrats. He said that there was no doubt of Odell's victory by a plurality of 12,500.

RIVER NEWS.

What the Improvement of the Ohio Means
in Way of Increased Steamboat
Traffic.

Dr. A. F. Hill and John Bierley have purchased the steamer Mary F. Golden and will enter her in the Vanceburg-Maysville and the Vanceburg-Portsmouth trades, making a trip to Maysville one day and to Portsmouth the next. Frank Agnew will be pilot and Captain and Harry Bierley will be clerk.

"Packets will run on the Ohio river from Pittsburgh to New Orleans as often and as regularly as trains connecting the cities now run if the Ohio river is slack-watered for its entire length," said Manager Geo. W. C. Johnson, of the Keystone Commercial Company, a few days ago. "To-day there are three packets a week connecting Pittsburgh and Cincinnati. Our company will put on at least ten more and probably twelve if the river is opened the year around. That will give us two packets a day, where we now have three a week. From Cincinnati to Louisville there will be two and probably three a day. Now there is one packet a week from Cincinnati to New Orleans. This will be increased to one every day, and there will be one every day from Cincinnati to Memphis. Another important feature will be the manner of carrying freight other than coal along the river," continued Mr. Johnson. "Very little of this is now carried by tows of barges, but when the river is opened these immense tows will dot the river, and there will constantly be more of them on the bosom of the Ohio than there are to-day tows of coal during a coal stage of water."

Mrs. Idah McGlone Gibson, who is well-known in the newspaper world as "Mae," gave a lecture on "The Stage and Its People" at the Washington yesterday afternoon. Mrs. Gibson's lecture was not in any way technical, but it showed the student of the play as well as the close and intimate observer of the player. The speaker had with her a large and valuable collection of autograph photographs of famous actors, and by aid of them and incident and story she gave an entirely different idea of the stage than that which is usually accepted. She called attention to "East Lynne," which will be seen here on Monday night, as one of the most popular plays on the English stage, and said the secret of its success was its appeal to the great heart of humanity. Of Miss Rebecca Warren, who plays Lady Isabelle in the great scenic revival of the play Mrs. Gibson spoke very enthusiastically. "She is the coming woman in stageland," said Mrs. Gibson, "and she plays the roll with rare sympathy and imbues her audience with her personal magnetism, which is great." At the close of Mrs. Gibson's lecture beautiful booklets containing fine portraits of Miss Warren were given to every one attending.

Prevalence of Epilepsy.

New York, Nov. 6.—At the annual meeting of the National Association for the Study of Epilepsy and Treatment and Care of Epileptics in this city, President Frederick Peterson, in his annual address, said: "There are 140,000 cases of this disease in the United States only. Time was when the hospital, the school, the church and employment were closed to him, but he was even a burden to his family. Now in 19 states there are provisions made for their treatment and in some cases cures have been established. In Europe also there are many homes and colonies established for the cure of and improvement of these unfortunate and the movement has even extended into the countries of Asia and South America." Among other speakers was Dr. Roswell Parke of Buffalo, who discussed the "Treatment of Epilepsy by Surgery."

The case against Beverly Sullivan, charged with attempting an assault upon a six-year-old girl, was called in the Police Court Thursday, and continued until next Monday. In default of \$500 bail, he was committed to jail.

TOUR IS COMPLETED.

Arbitration Commission Ends Preliminary Inspection of Miners.

ARRANGED FOR TAKING TESTIMONY.

Sessions Will Begin at Scranton
Next Week After Papers
Are Filed Making
the Case.

Mahanoy City, Pa., Nov. 6.—The members of the arbitration committee have left here for their homes. Commissioner Watkins, who lives at Scranton, and Bishop Spalding, left for that city. The bishop will be a guest of Bishop Hoban while he is in Scranton. The other commissioners went to Pottsville on their special train. A stop of a couple of hours was made there, after which the special left for Washington via Philadelphia. Mr. Clark will leave the party and go direct to Chicago by way of Harrisburg. Commissioner Parker went to New York from Philadelphia, Chairman Gray got off at his home in Wilmington, Del., and General Wilson, Recorder Wright, Assistant Recorders Mosely and Neill and the stenographers went to Washington. At the national capital, Colonel Wright will carry on business of the commission. He will there receive the statements of the anthracite companies in reply to that of President Mitchell, representing the miners.

The commissioners held a conference in the parlor of the hotel, at which arrangements for the holding of the hearings and also the mode of procedure in taking testimony were discussed. It announced that Commissioner Watkins, whose home is in Scranton, has been delegated to make arrangements for the meeting in Scranton. It is likely the hearing will be held in the courthouse there. The status of the independent coal companies in the present arbitration proceedings is not quite clear. All of them have been invited to participate in the hearing if they so desire. The Lehigh Coal and Navigation company, it is understood, has agreed to abide by the decision of the commission, as also have several small independent concerns. It is believed that all of them will accept the arbitrators' decision. If they do this the commission is likely to take up the grievances which have arisen at some of the independent collieries since the strike was declared off.

Another Clew Found.

Boston, Nov. 6.—The gold watch of Clara Morton, the Melton hospital domestic, who was killed Saturday evening and for whose murder Alan G. Mason has been charged, has been found in a Boston pawn shop and the police are searching for a negro who is said to have sold the article. Chief of Police Watts does not conceal his belief that he murdered Miss Morton and that Mason, who is now in jail, is innocent. As there have been a number of assault cases in this city in which the principal has been described as a negro, Chief Watts considers this new phase of the Waverly affair as very important. He said: "This lets Mason out of it altogether." The chief said that he was using every resource of the police department to locate the negro and expressed confidence that he would be caught within 48 hours.

Excitement Is Intense.

Cincinnati, Nov. 6.—Intense excitement prevails at Harrison, in this county, over the trial of Louis Blacker and Harry West, for an alleged criminal assault on Mabel Wright, while returning from school last Tuesday evening. Blacker and West were hunting in the woods when they stopped Miss Wright at the point of their guns. Her screams attracted neighbors, who apprehended Blacker and West and carried the unconscious girl home in a frightful condition. West denies the assault. Blacker admits it and says he was under the influence of liquor. Miss Wright was unable to appear before Mayor Mettler and the case was postponed. Meantime the excitement increases and if the condition of Miss Wright should get worse trouble is feared.

Science Students Interested.

San Francisco, Nov. 6.—With about 100 doctors of San Francisco and some 200 students and trained nurses closely watching his movements, Dr. Adolf Lorena of Vienna, appeared in the lecture hall of the affiliated colleges of the University of California and successfully performed, without the use of a knife, his celebrated operation for the cure of congenital hip disease, treating two little 4-year-old boys without charge. After the operation Dr. Lorenz successfully treated a case of double club foot on a child five months old.

The outcome proved the wisdom of Senator Cox and Judge Pugh in not accepting the Republican nomination for Congress.

Mr. CASTNER doubtless will find it more profitable to rush his business than he found the rush after the Congressional phantom.

It will be well enough, it is thought, for pensioners to have a care about the manner in which they use their stipend in the procuring of liquor, as the Government will not be trifled with in this matter, having given out more than one warning.

The poor showing made by the Republicans in Kentucky is said to have discouraged Commissioner Yerkes, of the Internal Revenue Bureau, from becoming a gubernatorial candidate. It must be confessed the returns are not very encouraging to a Republican.

THE OFFICIAL FIGURES.

Paynter's Majority Slightly Increased—Kehoe's Majority Just as the Bulletin Gave It the Day After Election.

The official canvass of the returns from this week's election was made Thursday by the County Board of Election Commissioners composed of Sheriff Robertson and Messrs. Henry J. Shea and W. W. Gault. There were quite a number of slight errors in the figures reported to the BULLETIN the evening of the election, and heretofore published. These corrections increased Judge Paynter's majority from 964 to 969. There was a change of two in the total vote of Kehoe and also of Castner for Congress, leaving Mr. Kehoe's majority just as the BULLETIN published the day after the election. Two contested ballots were sent in from Helena. One was counted for Dillon Congress and the other was thrown out. Below is the official result:

I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Among the FURS

We've sold furs long enough to be able to advise our customers to bank their money rather than spend it on trashy furs. On the principle that only the best is good enough we have bought furs more conservatively, as to quality, than ever before. It seems useless to print prices, they mean so little until you have the garment to compare with them—but we name a few as an index of the stock. You will see we have ranged prices so every woman in Maysville and vicinity will feel within reach of some of these fur comforts. Electric Seal Cluster Scarfs \$1.25 to \$2.75. Brown or Black Opossum Cluster Scarfs \$3.25 to \$5. Genuine Sable Cluster Scarfs \$12.50. Black Baccoon Cluster Scarfs—with long tails—\$7 to \$12. Hudson Bay Fox Cluster Scarfs—eight tails—\$10. Hudson Bay Fox Boas—one and one-half yards long—\$10. Isabella Fox Cluster Boas, two yards long, eight large tails, extra fine fur, \$18. Muffs to match many of these furs \$1.50, \$2, \$2.50, \$5 up to \$15.

CHILDREN'S FUR SETS!

Hardly any two sets alike in fur or shape. Each set consists of collar and muff—most of them finished with heads and equipped with purses.

White Coney Sets \$1. Hair Chincilla Sets \$1.25. Opossum Sets \$2.50. Astrakan Sets \$3.95.

The Wooltex Contest closes Thanksgiving eve.

THE HOME STORE.

You Ought to Like This New Store!

It's only a store for Men's Clothing, but we mean to make it the best store of its kind that you have ever known. We mean to give you the best bargains you've ever known, for we look to you to appreciate such a good store as this promises to be. We shall carry only the very best makes of Clothing and Furnishings—the sorts you can depend upon. We buy for cash, buy liberally and get rock-bottom prices, and sell for cash at rock-bottom likewise. We start with entirely new stock—no chance of your getting old styles or any undesirable merchandise of any sort. If any purchase is unsatisfactory we want to know about it, make it right or give your money back. This is the simplest and most straight-forward prospectus that we can write. We indulge in no circus promises or pyrotechnical ad-writing for we intend living up to every word we say.

We are authorized to announce FRANK P. O'DONNELL as a candidate for Circuit Judge, subject to the action of the Democratic party.

FOR REPRESENTATIVE.

We are authorized to announce JOSEPH F. WALTON, of Germantown, as a candidate for Representative in the next Legislature, subject to the action of the Democratic party.

THE BEE HIVE

What is a Skirt?

Stop and think. Have you been wearing something all your lifetime and can't tell what it is? We are sure that everybody knows one when she sees it. WE KNOW that the majority of ladies can tell a stylish skirt. WE KNOW that the majority of ladies can tell the good and bad quality of skirts. WE KNOW this because more ladies buy skirts here than any where else. WE KNOW this because we sell MORE SKIRTS than all the other stores combined. In Daniel Webster's "Talk On Skirts," he didn't say anything about flounces, kilts or plaits.

BUT WE DO!

WE SAY "FLOUNCE SKIRTS are not stylish this season"—therefore you will not find any in our stock.

WE SAY kilts and plaits are all the go, and we are showing a large variety of these in styles and prices. Follow the crowd to the only modern skirt department in Maysville. Buy your skirts where grace and beauty lie. A well-fitting skirt is the best advertisement for any store. It's our aim and pride to dress you well.

At Any Price Our Skirts Are Right!

MAYSVILLE, Nov. 5th.—Mrs. P. Slattery and son, of Tuckahoe, returned home to-day after a visit to relatives here.
 Miss Mary Healin is rapidly improving from an attack of typhoid fever.
 Mrs. Robert Alexander has about recovered from a severe illness.
 Lee Rourke and Miss Mary Deveraux were

quietly wedded at high noon to-day at the Catholic Church, Rev. Eugene DeBruyne officiating.
 Miss Mary Roberson, of Maysville, is spending the week here with relatives and friends.
 Rev. Jos. Severance and family have removed to Mayslick and are domiciled in the house which they formerly occupied.
 Mrs. Cord, of Ewing, is the guest of her daughter, Mrs. Robt. Alexander.
 Miss Nora O'Neill visited Miss Lillie Williams during the week.
 Services consisting of a sermon followed by benediction will begin at the Catholic Church Thursday evening at 7 o'clock. The services will be conducted by visiting priests. Every one invited.

ABERDEEN, O., Nov. 6th.—Miss Allie McMillen has returned to her West Union home after a visit to her brother Bert.
 Commissioner Rist was at the county seat this week.
 Thos. McDaniel, who is now employed at Hamilton, visited his family here Sunday.
 Mrs. Reuben Davis has about recovered from the severe accident she met with some time since.
 Lewis Compton's daughter, Mrs. Vanhorn, of Huntington, W. Va., is visiting him here.
 In Aberdeen Halloween night some of the town's most "respectable" young ladies dressed in male attire and paraded the streets until a late hour. If the ladies can see where it is so becoming and lady-like to act in this manner,

the writer would like for them to point it out to him.
 The election Tuesday was one of the quietest affairs that ever happened in Aberdeen. Only 335 votes were polled in Huntington Township. The usual vote is between 600 and 700. However, as it was, the Democrats received 75 majority. The Democratic ticket in Brown County had no opposition.

A cobweb party was given at the home of Mr. and Mrs. Lefe McGoveny, in honor of their nephew, Titus Johnson, of Defiance, Ohio, last week. About fifty invited guests were present and merriment reigned supreme.

Commissioner W. A. Rist and Editor W. H. Clark, of the Gretna Green, found a rare curiosity last Sunday in the shape of an enormous petrified paw-paw. It measured seven inches in length and eight inches in diameter.

Mrs. Thos. Chunn is the guest of her daughter, Mrs. Ed. Fulton, of Huntington, W. Va.

Miss Lillie Mutschelknaus is home from a visit to Baltimore relatives.

Miss Sina Fields is now at her West Union home, having severed her connection with the Mineral Well House.

Geo. Martin, a guard at the Ohio penitentiary, is rustivating in this section.

The new Indian Band, of Maysville, that furnished music for the speaking last week in Aberdeen, won great praise from Aberdeeners for the rendition of some very sweet music. The band is composed of gentlemen from the tenor drummer, Chas. Fist, to the solo cornetist, Harry Richardson. They met with favor on all sides in Aberdeen and it is safe to say hereafter when the services of a musical organization are needed in this section, the Indian Band will manure the music.

A. E. Games went to Higginsport Saturday and drove a valuable horse. When he reached Higginsport the animal died.

Last Saturday night it seemed as if nearly all the drinking population had decided to put all the drinkables down—in their stomachs—at once. Several Buckeyes went to Maysville and when they returned they were "buckeyed" sure enough. One Aberdeener got mixed up with some salt barrels on the Maysville grade and thought they were a regiment of soldiers. When he got straightened out he resembled a person that had been up against the south end of a mule when the mule was looking north.

A long, lean individual with rusty whiskers and sorghum in them at that, arrived in Aberdeen Wednesday morning from the rural districts. When spied by a newspaper reporter the rural citizen backed up against the veranda of Sam Schlitz's confectionery store and opened fire something on this order: "Well, I have come all the way from Buttermilk creek down here this morning. I want to get my check out of the postoffice calling for the \$12,000 prize in the Enquirer guessing contest. My wife Sarah Jane and twelve of the children need new shoes, and say, Mr. Reporter, when I get the check cashed you and I will call in here at Schlitz's and get a nickle's worth of peanuts and a ham sandwich apiece, and what's more I'll foot the bill myself. You see last year I didn't win a single cent in the contest and lost \$82 besides. But, by gum, I got 'er this time. My guess is 1,932,647 and say but them 12,000 plunks will just come in right," and then the reporter saw that his chances for a ham sandwich were glimmering and so he vamooseed.

T. W. Mattox has received the first new tobacco of the season.

C. H. Early, a prosperous business man of Sac City, Iowa, was in this section recently.

Taylor at "Ingiany" doubtless doesn't consider the news from old Kaintuck very sweet, nor that it argues very much for his early return thereto; but on the contrary that it is a great set back to him and "civil liberty." Taylor at Washington, though, rolls the news as a sweet morsel under his tongue, and will add further to its sweetness by selling the choicest new crop New Orleans molasses at 50c. per gallon.

Of the 994,751 persons on the pension rolls last year 649,138, which is equal to about two-thirds of the entire number, are residents of ten States, and the aggregate amount paid these is upward of \$90,000,000, the total amount disbursed the last fiscal year having been \$136,742,567. The greatest number of pensioners are found in the State of Ohio, which is shown to have had on the rolls last year 104,060 pensioners, to whom were paid an aggregate of \$15,104,093.
